

David & Megan Saville

I joined Kleeneze after I had given up my own carpentry business, to have the time to stay at home as a part-time Carer. The Kleeneze business was ideal for this as it was flexible enough for me to be able to be there when needed and give me a part-time income to top up the carers allowance and replace the income I lost from the previous business.

Megan joined me shortly after and we continued to slowly build our customer base to the point where it gave us a very good part-time income.

We have now started to team build by sponsoring other distributors into a team and by helping these guys achieve what they are looking for we will progress further towards our goals.

The cheques below are a couple of our latest cheques for just working our own catalogues to a good customer base on a part-time basis (about 12-14 hours per week) and helping and supporting the guys in our team.

This business is fantastic and we are very excited about what the future will bring.

C'mon the WinningTeam
